

# THE ANIANO FAMILY

An overview of our ministry in Uruguay and our calling to Mexico

## Our Background

Augusto and Valeria met while working in secular music in Uruguay. They were married and had their first son before knowing the Lord. They had an unhealthy marriage.

Reaching out to a psychologist for help while in Mexico, they attempted to salvage their marriage. This Christian Mexican counselor from a Camino Global church challenged them to place their lives and marriage in the Lord's hands.

They trusted in Christ at the El Camino Bible Church, in Puebla, Mexico, and began to grow as they were discipled. God began to change them as they participated in a small group for married couples and served on the worship team for eight months.

Suddenly, their business told them they had to return to Uruguay. Upon returning to their country, it took three months to find a healthy local church and they realized the spiritual darkness in Uruguay and the urgent need.

After a couple years, the Lord took them back to the Camino Bible Seminary in Puebla, Mexico.

## Church Planting Project

2012 - 2014

Our family has been working shoulder by shoulder with our mentors, Jim & Cheryl Eberline, with a long term perspective in Montevideo, Uruguay.

During last five years we have watched God plant a church in the resistant, atheistic upper class of Uruguay, a very european country. Known as a missionaries cemetery, the average growth of our target area is about one person per year of full time missions work.

For the last two years, we have been part-time involved in the

project as the local pastor of the church. The experience of a multi cultural teamwork, as well as the dedicated mentoring help of the Eberlines resulted in the develop of a local church that is now ready to release us for next step in our ministry in Mexico.

During this time, Augusto received theological education and training to be a church planter.

It was there the Anianos met the Eberlines and decided to partner with them church planting for 4 years in Uruguay, as they were mentored by the Eberlines too.

## Our Family

Augusto & Vale have two boys, Matías and Ezequiel. Matt is 13 and Zeek is 6 years old. Zeek was born in Mexico while they were church planting there.

Both, Augusto & Vale, love music and have a heart for sharing God's word through worship and teaching.

Augusto has taught the Bible and music in different contexts. He has led worship, pastored and church planted through the years. He has a bachelor's degree in sound design and in theology as well.

Vale has a sweet voice and has performed various solos as a professional singer. She is a very dedicated mother.

Matt is good at Maths. He obtained the second place in the National Math Olympiads. He likes to play with Rubik cubes and is a good drummer also.

Zeek is always the life of the party and has an incredible sense of humor. He has learned to overcome adversity and face life with a great attitude. He sings all day long.

# Our calling to Mexico

## Why Mexico?

Since we accepted Christ, our ministry has been music related. God has used our talents to spread the good news and to help and encourage others.

We have been invited by the evangelical churches of Puebla to assist them not only in church planting but also by investing our spiritual gifts and talents to better develop music and worship in the local churches.

God has confirmed His will for us through our spiritual leaders, our mentors in Uruguay, our teammates and our missions agency (Commission To Every Nation).

Therefore, we have sold all our possessions, we have lost our social security and health insurance coverage and decided, by faith, to face the challenge of a full time self funded ministry in a foreign country trusting this is God's will for our family.
